## Samsung NASA Air Condition Units AC - KNX Gateway **Compatibility List**

## **Samsung NASA AC - KNX Gateway Compatibility List**

In this document, the compatibilities of Samsung NASA air conditioners with ITR830-0005 are described.

If the last user wants to operate an AC unit with a model number not specified in this document might not be compatible with ITR830-0005. Models should not be used without checking model compatibility. The user should contact with supplier for this. Moreover, we recommend the users pay attention to the possible updates of the document.

### Compatibility Table

All model variants described in the tables below are referred to **Samsung NASA indoor units only**. If a model number is not specified in this list, please contact us for a compatibility check. Each product code consists of 8 different sections (a - h). These sections are described in the tables below.

#### PRODUCT CODE

Ex: AJ160KNYDBR

**Caution**

The d) section indicating the product type of the air conditioning unit must be coded "N". In different air conditioning unit models, this section could be letters such as X, S, A etc. Interra Samsung NASA AC - KNX gateway devices are only compatible with air conditioner models coded with the letter "N" in section d.

**Key Note**

The "###" section specified in b) indicates that this section consists of 3 numbers.

**Key Note**

The "X" characters specified in all other sections mean a letter each.
